

Coronavirus (COVID-19): risk assessment for partial reopening - January 2021

Schools are being asked to provide the on-site educational provision for eligible pupils from January 2021, ensuring the risks from coronavirus (COVID-19) are managed while doing so. This means that school employers and leaders are legally required to think about the risks staff and pupils face and do everything reasonably practicable to minimise these risks. Schools must make sure a risk assessment has been undertaken to identify the measures needed to reduce the risks from coronavirus and make the school COVID-secure.

School employers have a legal duty to consult their employees on health and safety in good time. It may also be appropriate to involve pupils and parents in these discussions to help them understand the measures that are being put in place.

Schools should share the results of their risk assessment with staff and consider publishing it on their websites to provide transparency for pupils and parents – HSE expects all employers with over 50 staff to do this.

Minimising contact with individuals who are unwell	H	<ul style="list-style-type: none"> Anyone who displays symptoms of coronavirus, or who has tested positive in the last 7 days, does not enter the school grounds. Instances of staff, pupils, visitors and volunteers displaying symptoms of coronavirus are managed in line with local and national guidance and the Infection Control Policy, and any unwell individuals are sent home as soon as possible. Pupils awaiting collection are moved to a room where they can be isolated behind a closed door. If it is not possible to isolate the pupil, they are moved to an area which is at least two metres away from others. If required, a member of staff supervises the pupil. If the pupil needs to use the toilet while awaiting collection, they use a spare bathroom if possible. The bathroom is cleaned and disinfected using standard cleaning products before being used by anyone else. PPE is worn by supervising staff if they cannot maintain a distance of two metres. Anyone who comes into contact with an unwell individual should wash their hands thoroughly for 20 seconds. The area around the unwell individual is cleaned with normal household bleach after they have left the premises.
